Murderer is Given Life Term

VOEGELI GOES TO PRISON ON GUILTY PLEA

JUDGE GRIMM BRINGS END TO SENSATIONAL CASE.

ARRAIGNMENT IS THIS AFTERNOON

Preliminary Examination Is Waived—Will Be Taken To Waupun Tonight.

Gottfried Voegeli, slayer of Sheriff Mr. Schwan, and Dick Marti, was sentenced to life imprisonment at hard labor in the state prison at Waupun by Judge G. Grimm in circuit court at 2 o'clock this afternoon.

He was taken to prison at 5:50 this evening by Under-Sheriff F. M. Ties, Brodhead.

The first day of his imprisonment will be spent in solitary confinement as will each anniversary the rest of his life.

Voegeli showed no signs of emotion as sentence was pronounced but wore a downcast look throughout the time he was in court.

He waived his preliminary examination through his attorney, Sam Blum, Monroe, and was arraigned. District Attorney H. N. B. Curdine of Green County appeared for the state and read the charge of murder in the first degree.

Voegeli was pronounced guilty. The charge was explained to Voegeli, who answered "Yes, I did it."

Before passing sentence, Judge Grimm asked the prisoner if he had anything to say. In an unexpected voice he explained that he killed Marti because he had threatened to "knock my head off," and that he shot the sheriff because "they were all shooting at me."

This statement added nothing to the court's statement.

Handcuffed, he was led out of the court room and back to the county jail in charge of Sheriff Fitchley to remain there until this evening.

Sensational Case.

The sentence this afternoon brought to a close one of the most sensational cases in the southern part of the state in many years.

Some time ago Voegeli, early Saturday afternoon in an argument and later mortally wounded the sheriff. He died early Sunday morning. The dis- charged soldier, Spencer Morton, whom he wounded in the back, is still in the Monroe hospital but will recover, attendants say.

Voegeli was arraigned in a special term of Green county circuit court here because of fear that he would be lynched if taken to Monroe for hearing.

Later Willie got a horse and they took that. Last night came Bill to the police station with the announcement, "Somebody swiped my automobile."

The police went out on Court street where Sir William had been a guest at a party. There stood the Scoble car. It had been appropriated for the while by joy-riders. The police are investigating.

The automobile of Adolph Snyder, R. F. D. No. 8, Edgerton, and well known locally, was a store of 10 o'clock last night from in front of the residence of Rudy Croft, 332 South Academy street. It was found near 10 o'clock this morning, the gas tank empty, where it had been abandoned by the thieves.

Not within the memory of the oldest attaché at the White House has a congress met with the president absent from Washington and it was said that this would be the first time that the executive ever had sent his message to congress by wire.

WOMEN'S CLUBS ASKED TO GIVE UP NEW REST ROOM

An important business meeting of the board of the City Federation of Women was held this forenoon at the rest room. The main topic of discussion was the relinquishment of the additional store which had been rented for the enlargement of Janesville Center, and which had formerly been rented by the Federal Employment Agency.

L. A. Avery, chairman of the labor board, appeared before the women and explained the dilemma, which the board was in concerning the office formerly occupied by them. Owing to the lack of government appropriation it was decided about a month ago to remove the office to the Chamber of Commerce where it could be conducted without payment of rent.

The city council voted to pay the salary of the manager of the federal bureau for the time being until money was appropriated by the state. This was voted recently by the state legislature which is expected to maintain the bureau until money is appropriated by congress.

Mayor Welsh Appeals

Mayor T. E. Welsh came before the meeting. He said the city had never relinquished the use of the room, had paid the rent regularly and had an indeterminate lease on the quarters for as long as was needed by the bureau. Welsh stated that the federal quarters filled all requirements insisted on by the government and that the city at considerable expense had fitted it up. He suggested that a committee be appointed to go over the situation and confer with him on the subject on aid from the city.

A financial committee to take up the question with the merchants was also suggested. A general discussion of ways and means followed with the matter left in obedience with the committee and the president.

Discuss City Dispensary

A general outline of the plans of a dispensary concerning the city dispensary was given by Mrs. S. M. Smith. Mrs. Smith announced the following: Mrs. M. Mann, E. Sullivan, Allen Lovejoy, John Fitchett, H. H. Faust, C. V. Kerch, Frank Spoon. The general committee will work together with a committee from the Rotary club.

Plans were also made for the annual meeting of the City Federation which is scheduled for May 22, at the Congregational church. A paid luncheon for the merchants was also suggested. Committees will also be given and the annual election of officers.

Mrs. F. Louise Nardin, dean of Women for the University of Wisconsin, will make an address. The following committee will be in charge of arrangements for the affair: Mrs. Philip Korat, chairman; Mrs. Henry Hansen, Mrs. J. G. Bridges, Mrs. A. Granger, Mrs. Roy McDonald, Mrs. William Curtis. Miss Ruth Jeffris is chairman of the ticket committee.

PEACE PACT FOR AUSTRIA TAKES FORM

COUNCIL OF FOUR WITH ORLANDO PRESENT CONTINUES TERMS.

INDEMNITY IS MAIN FEATURE

Delimitation of Frontiers of New State Important Part of Work.

(By Associated Press.)

The French foreign office received information late today that the Austrian peace delegation had left Vienna last night and would reach St. Germain probably tomorrow.

Paris, May 8.—The Council of Four with Premier Orlando of Italy present, began today to arrange the program for the presentation of peace terms to the Austrian, Hungarian and Bulgarian delegations.

The Austrian treaty has begun to take form. Portions of it already have been drafted. Instead of Germany being required to pay the entire indemnity, demanded by the allies, a considerable sum will be demanded of Austria, the estimate of this sum at present being five billion crowns.

To Share Indemnity.

This indemnity provision and the delimitation of the frontiers of the new state will be the main features of the treaty now in making. Provision is to be made for dividing Austria-Hungary's pre-war debt among the new states formed from territory formerly belonging to that empire.

The frontiers between German-Austria and Italy, and probably the Adriatic settlement will also figure in the Austrian treaty.

Deliver Treaty.

Intimations reaching the peace conference from Versailles lead to the belief that two or three members of the German peace delegation probably will return to Germany to consult their government, the others remaining at Versailles.

Germany has not yet submitted any communication with regard to the treaty.

All the exchanges between the delegation at Versailles and the home government are kept secret.

A copy of the treaty, as well as its text to Berlin. A German courier left at 10 o'clock last night bearing it with Count Von Brockdorff-Rantzau's first report on the negotiations.

It is expected that the United States will be asked to become the mandatory for Armenia. The indications are that President Wilson will submit the matter to congress.

Ambassador Page notified the American delegation today that he was starting for Paris this morning. He reported having had a long conference with the French ambassador at Rome over the Adriatic question.

ARCADIA DANCE IN APOLLO HALL, MAY 21

(By Associated Press.)

Washington, May 8.—Vigorous opposition to the proposed alliance between the United States, Great Britain and France whereby the United States would be committed to go to the aid of France in the event of an attack upon that country was expressed today by Senator Borah of Idaho, republican.

"I am not in favor of any treaty or alliance with France or with any foreign power obligating ourselves in any way concerning future wars in Europe."

The third annual dancing party of the Arcadia club will be given in the Apollo hall, Wednesday evening, May 21. Five hundred invitations will be mailed out soon.

Johnson's Lakeside orchestra of Kewanee has been engaged to furnish the music.

Extensive decorations are planned and efforts are being made to make the party eclipse the two previous ones.

PEACE OFFICIALS PUT SELVES BEHIND MOVE

(By Associated Press.)

With the draft of the peace treaty with Germany now in the hands of the plenipotentiaries of that nation the conference is turning its attention to the making of peace with the other central powers.

Today the Council of Four, as the supreme body of the conference has again become through the return of Premier Orlando, took up arrangements for presenting terms to the delegations of Austria, Hungary and Bulgaria.

It appears probable that the settlement with German-Austria will be the first to be reached. The representatives of that nation will arrive at St. Germain, a suburb of Paris, early next week. A forecast of the treaty being drawn for their consideration indicates that German-Austria will be asked to pay a portion of the enemy indemnity.

Meanwhile the German home government is expected to begin consideration of the peace terms presented at Versailles Wednesday, and which virtually reduces the German empire to the role of a minor power for a considerable period. Either the national assembly itself or important committees of it are to take up the terms in Berlin.

Three courses seem to be open to the German government. It may either accept the conditions, reject them, or submit them to a plebiscite.

Some time ago it was reported from Berlin that the machinery to carry out a nation-wide election had been prepared, and that the people could be called upon to express their desires within 48 hours in case the government should not care to take the responsibility of meeting the situation.

The speech of Count Von Brockdorff-Rantzau in reply to Premier Clemenceau at Versailles yesterday appeared to indicate that Germany would prepare objections to some features of the treaty, notably with regard to Germany's financial responsibilities and economic position. All the German objections must be submitted in writing within the two weeks time that her representatives have for examination of the treaty.

Serious disorders in Peking as a result of the influx of disreputable women and men, and the foundation of the Chinese government, already being over the Council of Three in awarding to Japan the rights and concessions in Shantung formerly held by the Germans, have been reported.

The Chinese government, according to Peking advices, has decided to instruct its delegation in Paris not to sign the treaty giving Germany's rights in Shantung to the Japanese.

CITY HALL ROUSED; MAYOR, OR, COUNCILMEN, POLICE BOARD ACTIVE.

POLICE CHIEF BANS SATURDAY DANCES

Affairs, Gower Says, Are Scene of Week-end Orgies, So Stops Them.

Mayor Thomas E. Welsh and Patrolman Milton Rogers, after a wild chase on North Franklin street in which shots were fired by the officer, arrested Nels Quam of Stoughton for "bootlegging." They say Quam was giving liquor to a soldier. The latter escaped during the excitement but a police dragnet was thrown out for him for evidence.

The general clean-up of Janesville's vice and crime conditions is on. The city, officially, is roused. There is visible noticeable activity on the part of the police department. Mayor Thomas E. Welsh, members of the common council and the board of fire and police commissioners.

Law violators are going to be arrested with the police department holding free reins. Explanations will be made later, in court.

Conditions of the past week-end—an orgy of insult to the city in its present and future growth and prosperity—will be reduced to the minimum, all city officials say. The police department has received its orders. "Treat 'em rough" are the instructions.

Ban Saturday Dance

There will be no more Saturday night dance. Chief of Police Gower has declared them a nuisance and the source of the influx of disreputable women and men, and the foundation of the Chinese government, already being over the Council of Three in awarding to Japan the rights and concessions in Shantung formerly held by the Germans, have been reported.

The Chinese government, according to Peking advices, has decided to instruct its delegation in Paris not to sign the treaty giving Germany's rights in Shantung to the Japanese.

"Street-walkers" and firing women and girls, boisterous and peace disturbing men will be arrested on the slightest provocation. Dry town residents flocking to Janesville for liquor will be dealt with harshly. Already, in the case when out-of-town prisoners face Judge Maxfield in municipal court on drunkenness charges.

Warning has been issued local violators that they are now on probation. All crime, the powers that be at the city hall aver, will be considered and violators arrested and taken into court.

Council to Hear of It.

The council will hear something regarding conditions in the city at the next meeting. Saturday night dances are known to be at least one of the matters. Tentative plans for the regulation of the affairs, emitting from the city hall this morning, was not to (Continued on page five)

THOUSAND "VETS" AT NATIONAL CONGRESS

(By Associated Press.)

St. Louis, Mo., May 8.—The American Legion, composed of men in the military or naval service of the government during the war, opened a three day session here today with more than a thousand delegates representing practically every state in the union present. Lieut. Col. Theodore Roosevelt presided.

The session of the various temporary committees have brought to light many differences of opinion. Foremost among these is the dissention between the national guard and the regular army.

A strong effort is being made on the part of the national guardmen to exclude regular army men from the legion, although the temporary executive committee has voted to open the membership to all men who served in the war.

A BIG JOB

The stupendous task of sending a full report of the peace summary over the Associated Press leased wires, Wednesday, made it necessary to cut out all other news, including the markets, from 1 o'clock until late in the afternoon. It is estimated that the summary contained about 12,000 words and the Gazette was able to get about one-third of this in yesterday's edition. The remainder will be found on another page of this issue.

EDGERTON VETERANS OF WAR ASK FITTING MEMORIAL OBSERVANCE

Edgerton, May 8.—The following resolution was passed at the last meeting of the American War Veterans and unanimously accepted:

"Soon another Memorial day with its solemn memories will be ours to observe. A day that is filled with thoughts of sadness. Memories of the supreme sacrifice made by our comrades, your sons and the sons of your neighbors. Our roll of honor shows many gold stars, the golden crown of sacrifice for those who gave their lives that the world would be made a better and a safer place to live in.

"This year Memorial day comes with a different meaning. It brings the memory that our 'pals' eagerly and willingly went over the top and are now sleeping somewhere in France. It is fitting that this day be a Memorial day in fact as well as in name, and we ask that all co-operate in the proper observance."

The different cemeteries in our city hold the remains of fourscore men who heeding the call of their country in the days of '61 and '65 bared their skulls to the hell of battle and now peacefully sleep the sleep that shall be broken only by the order of the great Commander.

We, the returned members of the world's greatest war, deem it fitting and proper to offer our services to heartily co-operate with the G. A. R., W. R. C. and all other organizations in our city observing the day in a manner fitting the name, Memorial day.

"We ask that all places of business be closed during the hours of solemn services and that all members of pleasure during that day and evening be dispensed with."

W. C. T. U. TO BRING NOTED SPEAKER HERE

At the regular meeting of the W. C. T. U. it was decided to have Mrs. Lillian Carle of Portland, Ore., now working in the state, come to Janesville, May 15 and 16, to help in the work for the justice campaign. Mrs. Carle comes highly recommended as a public speaker and entertainer. The place of meeting is to be decided on later.

The superintendent of Scientific Temperance Institution gave a report of essays written by school students. Fourteen eighth grade pupils wrote. Those winning were: First, Florence Smiley; second, Virginia Howe; third, Beth Nourse; with honorable mention for Bonnie Wise and Adahel Fuchs. There was only one contestant at the high school, but the judges think it a creditable piece of work, so are glad to give to Douglas Cockfield the first prize.

The judges were Mrs. T. C. Thorsen, G. D. Anttadel, and Prof. F. J. Gault of the county training school. The W. C. T. U. hopes to award the prizes Monday, May 19. Notice will be given to the contestants when to come and where.

After the business routine, a social hour was enjoyed, Miss Palmer taking charge. The hostess served refreshments.

Our town is a good deal more alive than most, but I'll bet you could get pointers from this Busy Bee fellow. Why, the farmers round his town are making more money than they ever dreamed of before. Anyway, I want you to read the story. And the cheapest way for you to get all the inclusions is to buy a year's subscription for the COUNTRY GENTLEMAN. YOU MEN WHO PAY THE FAMILY SHOE BILLS

Tramping 18 miles a day, Mr. H. M. Foreman, a mail carrier of Allentown, Pa., found that shoes with ordinary soles last about one month. But he says a pair of Neolin-soled shoes gave him more than nine months of service, in which time he walked over 4,000 miles.

His experience shows how you may save shoe money by providing your family with Neolin-soled shoes, which give extra wear where other shoes wear out quickly.

You can get Neolin-soled shoes in any type of shoe you want. They are about the same as for shoes that give only ordinary wear, sometimes they are even less. If your dealer hasn't the style you want, he can get it for you quickly. Remember, Neolin Soles are created by science to be what shoes should be. They are available everywhere for re-soles as well as on new shoes. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

HERE IS THE PROOF.
Bolsheviks, apologists and propa-
gandists in this country, understand-
ing the American repugnance to riot-
ing, arson and murder, often tell us
that the most of the stories circulated
here concerning the murderous crimi-
nality of the bolsheviks are falsehoods
hatched in the fertile brains of greedy
capitalists, who take this foul means
of discrediting the socialist movement.
Trotzky, Lenin and the crowd are
painted as humane men, who hate to
shed blood and do so only when the
punishment of an arch-criminal be-
comes imperative. And it is an inter-
esting fact that a few Americans have
been found who are glibly enough to
believe genuine the picture thus
painted of themselves by the reds.
In Russia, the bolshevik leaders
are recognized pretty generally as
murderers, and they take little
trouble to deny it. Indeed, they are
proud of it. The British foreign
office has recently published a large
collection of extracts from bolshevik
newspapers which alone would con-
vict the Russian reds of all the crimes
Americans have believed them to be
guilty of. A few typical extracts fol-
low:
"We will turn our hearts into steel,"
says the Krasnaya Gazeta, the Red
Gazette, organ of the Red army, on
September 1, 1918. "which we will
temper in the fire of suffering and the
blood of fighters for freedom. We
will make our hearts cruel, hard and
immovable, so that no mercy will
touch them, and so that they will not
quiver at the sight of a sea of enemy
blood."
"We will let loose the flood gates of
that sea. Without mercy, without
sparring we will kill our enemies in
scores of hundreds. Let them be
thousands; let them drown them-
selves in their own blood. For the
blood of Lenin and Uritski, Zinoviev
and Volodarski let there be floods of
the blood of the bourgeoisie—more
blood, as much as possible."
A proclamation issued by the extra-
ordinary commission and signed
"Peters," published in translation in
the British foreign office collection,
strengthens the illustration of gentle
bolshevik ways. It reads:
"The criminal hand of a member
of the social revolution party, di-
rected by the Anglo-French, has dared
to fire at the leader of the working
class. This crime will be answered by
a massive horror. Voe to those who
stand on the path of the working
class. All representatives of capital
will be sent to forced labor and their
property confiscated. Counter revolu-
tionaries will be exterminated and
crushed beneath the heavy hammer of
the revolution's proletariat."
Petersky, komissar for interior,
issues a circular telegraphic order
reproving local soviets for their "extra-
ordinarily insignificant number of
serious repressions and mass shoot-
ings of white guards and bourgeoisie."
An immediate end must be put to
these, the order instructs.
Considerable numbers of hostages
must be taken from the bourgeoisie
and former officers. At the slightest
attempt at resistance or the slightest
movement in white guard circles, mass
shootings of hostages must be im-
mediately employed. Indecisive and
irresolute action in this matter on the
part of local soviets will be severely
dealt with.
Short and to the point is this dis-
patch to the Northern Commune,
Borisoglebsk, September 18,
1918:
"For an attempt to organize a
movement in opposition to the soviet
power, nine local counter revolution-
aries were shot, namely, two rich land
owners, six merchants and the local
"Corn King, Vassiliev."
The British foreign office offers
many more extracts from bolshevik
papers, but these are sufficient. They
will surprise no intelligent American.
And if those among us who call them-
selves bolsheviks ever get the upper
hand here they will adopt the
methods of their Russian "brothers."
Let there be no doubt about this.
Bolshevism is just another word for
wholesale murder and terrorism.

WATCH FOR SWINDLERS.
Now that the Victory Liberty loan
campaign has been successfully com-
pleted and hundreds of thousands of
small investors have added more gilt-
edged securities to those purchased in
the previous loans, great caution must
be used to prevent swindlers from
getting their clutches on the bonds.
The government has promised that
vigorous power will be used against
those swindlers who have fleeced
thousands of poor men and women
out of good United States securities
through alluring descriptions of the
wealth that can be gained by purchas-
ing fake or wildcat stocks. These
sharks induce the holders of small
bonds to sell them at a loss through
false promises.
The only hope for anything ap-
proaching permanent relief lies in the
arrest and severe punishment of the
guilty.
Anyone knowing of a questionable
or fraudulent promotion or of solicit-
ing for questionable schemes of any
sort, should promptly report the mat-
ter to the federal trade commission,
Washington, D. C., and to the proper
local and state authorities. This
criminal practice will be checked, the
public must support the authorities
in every possible way.

Now comes the sad news that coffee
John Barleycorn makes his final bow.
John arieycorn makes his final bow.
The reason given to the public is that

tion was turned over to the loan com-
mittee and the success of the cam-
paign was due in a great measure to
the splendid effort that was used in
handling the job. Unlike many such
organizations, the Janesville Chamber
of Commerce has repeatedly shown it
is an aid to the community. Its mo-
tives are not selfish and it has been
as keen to help the man of small
means as well as the fellow who does
not need as much help.

RING AROUND ROSIE.
It took Secretary of Commerce
Redfield several years to awaken to
the delusions under which he labored
in 1912. In 1912 he was helping to
elect Woodrow Wilson on a platform
which called for lower import duties
so that American producers would
come into competition with cheap
production in Europe and Asia, and
which demanded legislation giving
more effective force to the Sherman
anti-trust law. In 1913 he delivered
an address before the United States
Chamber of Commerce from which he
said: "Is the reaction from combina-
tion to competition the sound and
normal thing? It seems to me that it
is not and we should not dare to re-
store or to attempt to restore by
force of law a condition so threaten-
ing to the community as unrestrained
competition is." In 1912 Redfield and
his cohorts were clamoring for full
competition, not only among Ameri-
can producers, but among the pro-
ducers of the world, thus subjecting
American production to the destroy-
ing force of European and Asiatic
standards of wages and living. In
1919, Redfield sees the error of his
way, in part at least, and he will be
out on the stump in 1920 asking the
country to "continue the democratic in-
power for four years longer so that
they may discover some more of their
fallacious theories."

THE MAN WHO SAVES.
The savings division of the treasury
department has prepared an interest-
ing catechism on "The Man Who
Saves," as follows:
"What does he gain by thrift?
"He builds a bridge to a better job;
he sets up a ladder to climb in the
world; he gives his family a better
chance; he develops self-reliance; he
is ready for sickness or hard luck, if
it comes.
"What does thrift mean in his
work?
"He has too much respect for time
to waste it; he has too much respect
for his tools to injure or waste them;
he is capable of handling other men's
business; he is marked for a better
job.
"What does his thrift mean to the
government?
"His savings help pay the cost of
victory; his investment in war sav-
ings stamps makes him a part of his
government; his savings help to pro-
tect every American home; his sav-
ings add to the national resources
which make America invincible.
"What does his thrift mean to the
community?
"He helps industry by the avoid-
ance of waste in time, energy, materi-
als and money; he is a steady
force among his fellows; he acquires
good judgment and helps promote the
general welfare; he gets into the
class of those who do things."

The Janesville Chamber of Com-
merce should be given much credit
for the part it played in the Victory
loan campaign. The whole organiza-

News Notes from Movieland

BY DAISY DEAN

All the feminine screen stars are envious of Dorothy Dalton. And perhaps some of her fair admirers will also be envious when they read this.

Miss Dalton, who has been active in behalf of the Victory loan since her arrival in New York several weeks ago, had the distinction of making the first hydro-aerobio passenger trip from lower New Jersey to Albany, N. Y., and so accomplished a spectacular advertising stunt for the Victory loan campaign.

In a three-passenger flying boat piloted by C. J. Zimmerman, Miss Dalton left the factory grounds of the Aeromarine Plane and Motor company at Kerpport, N. J., at 3 o'clock in the afternoon and arrived in Albany at 4:40, or nearly six hours later, after several stops along the route for gasoline and oil.

The purpose of Miss Dalton's trip was to convey to Governor Al Smith a Liberty loan message from Governor Benjamin Strong of the Federal Reserve bank.

Miss Dalton had the pleasure of flying over the Statue of Liberty and lower Manhattan, after which the pilot made the remainder of the trip over the Hudson river to Albany. "The trip was aerobio," said Miss Dalton on arriving back in New York. "We made several stops to take on gasoline and oil, but otherwise the journey was one continuous ride of real bliss. It seemed as if we were in a big rocking chair and were not moving at all, while the earth and water below us were being driven back under us. My hearing is a little affected as a result of the noise of the propeller, but this will soon be over. I am hoping that in one of my early Ince-Parmount pictures I'll be called upon to use a flying boat."

MRS. CASTLE WEDS
Mrs. Vernon Castle was married recently to Capt. Robert E. Treman of Ithaca, N. Y. Mr. Treman's father is Robert E. Treman, deputy governor of the Second Federal Reserve bank in New York. His uncle was until recently food director of New York state. The couple were married at the Little Church Around the Corner in New York.

WHO'S WHO in the Day's News

CHAMP CLARK

There can hardly be imagined two more striking contrasts than Champ Clark, Democrat, the retiring speaker of the lower house of congress, and Frederick Gillett, Republican, who is slated to be his successor. Both have served their parties in the house of representatives faithfully and well.

Mr. Clark for 26 years and Mr. Gillett for 26. Both began their service in the fifty-third congress. Mr. Gillett having been returned continuously. Mr. Clark was out during the fifty-fourth congress. But there the comparison ends. The rest is contrast.

Mr. Clark is a tall, heavy man, clumsy in his movements. He is smooth-shaven, and with a pensive voice that carries to the uttermost parts of the house. He is brusque in manner, with none of the smoothness of drawing-room ease. Mr. Clark has always been reckoned without. He is not a drawing-room man, or a man of the house, or a man of the party, or even that he does not enjoy it, but it just does not count as one of the essentials of a man's career.

Champ Clark was born in Anderson county, Ky., in 1859. After graduating from Kentucky university he taught school and was president of Marshall college in West Virginia, 1873-4. He was admitted to the bar in 1875 and began the practice of law in Louisiana, Mo., where he was elected city attorney in 1878. Two years later he moved to Bowling Green, Mo., which has since been his home.

Clark entered politics while still in his twenties and was a presidential elector in 1880, thirty-nine years ago. He was permanent chairman of the Democratic national convention at St. Louis in 1904 and chairman of the committee to notify Judge Parker of his nomination for the presidency. He was minority leader of the lower house from 1907 to 1911, and speaker from 1911 to March 4, 1919. With the Republicans returned to power, Clark is now ambitious to be minority leader again, but on account of his hostility to many of President Wilson's policies, considerable opposition to his candidacy has developed.

Clark was a candidate for the presidential nomination at the Baltimore convention eight years ago. It is believed that he is still ambitious to be president and an announcement from him or his friends to this effect is expected within a few months.

(Continued from page 5.)
immovable German property, including mining rights, may be sold at public auction, the proceeds to be paid to the German government and held in trust for the repayment of the German loan. All Moroccan goods entering Germany shall have the same privilege.
French goods.—Germany recognizes the British protectorate over Egypt, declared on Dec. 18, 1914, and renounces, as from Aug. 4, 1914, all agreements, etc., and all the claims her with Egypt. She undertakes not to intervene in any negotiations for the disposition over German nationals and property, and for German consent to any changes which may be made in relation to the commission of public works. Germany consents to the powers given to Great Britain of the transfers given to the late Sultan of Turkey for securing the safe navigation of the Suez canal, and arrangements for protection of the canal, similar to those in the case of Morocco and other countries. Anglo-Egyptian goods entering Germany shall have the same privilege as British goods.
ITALY AND BULGARIA.—Germany accepts all arrangements which the allied and associated powers conclude with Turkey and Bulgaria with reference to any her privileges or interests claimed in those countries by Germany or her nationals and not held with elsewhere.
SILANTIA.—Germany cedes to Italy all her titles and privileges, notably as to Kiaoh-shan, and the railroads, mines and cables acquired by her treaty with China, and as to Shan-shan and by her agreements as to Shantung. All German rights to the railroad from Tsingtao to Tsinanai, including all facilities and mining rights and rights to the cables from Tsingtao to Shanghai and Chefoo, the cables free of all charges. All German state property, movable and immovable, in Kiaoh-shan, to be acquired by Japan.
SECTION SIX.—In order to render possible the initiation of a general liquidation of the armaments of Germany, Germany undertakes directly to observe the military, naval and air clauses which follow:
MILITARY FORCES.—The demobilization of the German army must take place within three months of the peace. Its strength may not exceed 100,000, including 1,000 officers, with not over seven divisions of infantry and one division of cavalry, and must be exclusively for the maintenance of international order and control of frontiers. Divisions may not be grouped under more than two army corps headquarters. Staffs, field garrisons and administrative service, consisting of civilian personnel not included in the number of effectives, is reduced to one-third of the number in the 1913 establishment. Other forces, such as customs officers, first guards and coast guards, may not exceed the number in 1913. Gendarmes and local police may be maintained on a basis commensurate with the population. None of these may be assigned for military training.
ARMAMENTS.—All establishments for the manufacturing, preparation, storage, or use of arms and munitions of war, except those specifically excepted, must be closed within three months of the peace and their personnel dismissed. The amount of arms and munitions allowed Germany is laid down in detail tables, all in excess to be surrendered or rendered useless. The manufacture, transportation, or use of arsenals, poisons, chemical gases and all analogous liquids is forbidden, as well as the importation of arms, munitions and war materials. Germany may not manufacture such materials for foreign governments.
CONSCRIPTION.—Conscription is abolished in Germany. Craig Picks All-Church League Basketball Team

By George McManus.

BANQUET FOR EIGHT FIVES IS PLANNED

BY W. PORTER CRAIG
In the church league basketball season just closed the selection of an "All" team would without question start with Cassidy of the St. Patrick's five as first choice for one of the forward positions. Although one of the smallest men in the league, Cassidy was without question the cleanest, fastest and surest shot player on the floor. His record of 71 field goals and 31 free throws in 7 games was no less remarkable because of the strong support given him by his teammates. His total number of fouls in 7 games was only 9 which brings out another proof when coupled with the scores of the other players that the men who play the cleanest and make the most fouls are the high men in the league. Cassidy himself scores more points than any other team's total so that the little fellow was a real help to the team. For the other forward position, the team was, Kobler, deserves the selection for, like Cassidy, he is small, but

ALL-STAR FIVES.

(W. Porter Craig, "Y" physical director, was asked by the Gazette to pick an all-church league five. Here are his selections.)

| Team | Player |
|----------------|-------------|
| St. Patrick's | Cassidy, R. |
| St. Patrick's | Kobler, R. |
| Congregational | Flem, C. |
| St. John's | Hager, L. |

a splendid floor man and managed to drop in 23 field goals with two free throws in 7 games. The two players make a splendid combination. Cunningham and Harmon of the Baptists and Babcock of the English Lutheran were close contenders for this place; the latter scored 23 field goals. The first two should be the choice of the second team.

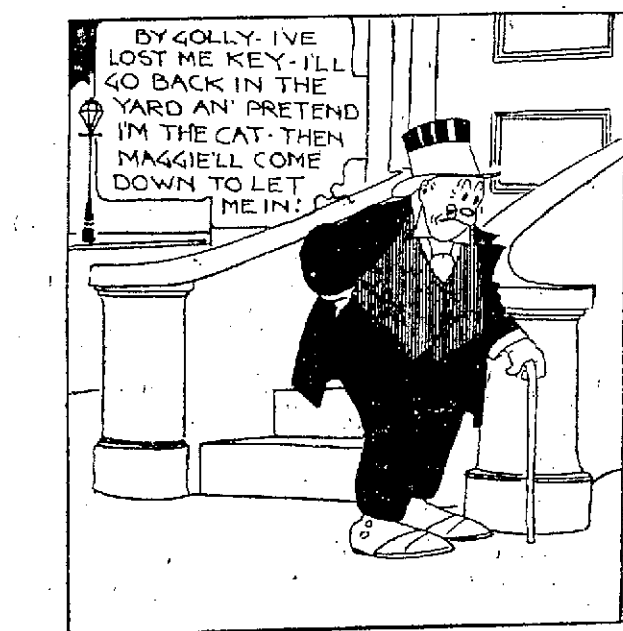

Flem Was Good Man
Flem is the choice at center because of his easy ability to jump any other man and his collection of 23 fouls cost his team many points. His defensive work was a big factor in his team's play. Ebert of the English Lutheran is easily the best of the guards. At guards, St. John of the Presbyterian team are easy choice. Kenning, being almost impassable as a safety guard, played only thirty minutes for a being sufficient to qualify him for a being placed in the first team. St. John ran up 22 baskets and played guard most of the time in the score-book but a great ward on the floor. For the second guard, Kenning and Douglas of the Baptists.

Catholics Make Big Score
As the teams finished, St. Patrick's scored 135 field goals and 31 free throws for a total of 166 points, and made 63 fouls. The Baptists, in second place, scored 73 field goals and 19 free throws, for a total of 155 points, and made 23 fouls. The Congregationals made 68 field goals and 17 free throws for a total of 153 points and made 12 fouls. The Presbyterians finished with a total of 138 points and made 31 fouls. The English Lutherans made 58 field goals and 15 free throws for a total of 133 points and made 23 fouls. The St. Mary's scored 52 baskets from the field and 13 free throws for a total of 117 points and made 31 fouls. The First Lutheran made 44 field goals and 15 free throws for a total of 103 points and made 25 fouls, while the Methodists finished in last place with 44 field goals and 15 free throws, for a total of 103 points, and made 34 fouls.

Banquet and Group Picture
It was planned to hold a banquet for the winning team but all teams have not reported on the number of men who will be present, so the date can not be set.
The Y. M. C. A. is putting it up that if they want to banquet the winners the captains are to report the number of men who can be counted upon to be on hand. When enough have been reported to carry it through, the date will be set. The Gazette's group picture will be presented to St. Patrick's five, winners of the league, at that time. A group picture was also to have been taken last night at 8 o'clock but the captains who were to report but they could have their men on hand, had not all done so. Consequently the arrangements could not be completed with the photographer. I will send the picture to the Rules Committee which has assured me its appearance in next year's rule book.
All teams are to be in the picture and it is to be taken in day-light which means the men will have to go to the gym on the day set and dress immediately after work. The picture will be completed within an hour of that time. The day set now is for Wednesday, May 14, and captains are urged to make their complete report by Monday evening.

Dundee May Box Leonard
Milwaukee, May 8.—Johnny Dundee, New York Italian lightweight, who is training here, received an offer from the Olympic A. C. club of Philadelphia for a six-round match with Benny Leonard the latter part of this month. Dundee would prefer to box Leonard in Milwaukee, feeling in great shape for his match here with Richie Mitchell Friday night. Dennis O'Keefe of Great Lakes meets Soldier Harry Schuster in the ten round opener.

New Outlaw League; Only Soldiers in It

Boston, May 8.—George H. Lawson, recently discharged from the Canadian army, in which he was sergeant major in the Royal Engineers, announced last night plans for the formation of an "outlaw" baseball league to be known as the Allied League. He said that only men who had seen service in the American expeditionary or in the allied armies would be eligible to play. Mr. Lawson, who promoted the "outlaw" United States League a few years ago, said he had assurances of backing which would enable the league to start its season on June 1.
He announced as the probable circuit: Boston, Providence, Brooklyn, Baltimore, Philadelphia, Montreal, Ottawa or Toronto and Newark.
He said grounds were available in all of these cities.
If folks had to pay taxes on grouchies this would be a smaller world than it is.

Ann Arbor, Mich., May 8.—Fourteen Michigan players will leave tomorrow morning for South Bend, where they meet Notre Dame in the first of the Friday afternoon Michigan plays. Purdue and Saturday it plays Ohio State at Columbus.

PRACTICE TONIGHT AND FRIDAY NIGHT FOR JANE HOPEFULS

After several weeks' lay-off on account of rain, the re-organized Janes are going to resume intensive practice. A two-hour session will be held at the fair grounds tonight and tomorrow beginning at 6:30 o'clock and a similar program is billed for Friday night. Batting and fielding practice will be taken up under the direction of Manager Murphy. A scrub game may be played toward the close of the season. Every man in or around Janesville who has the least idea that he can play ball and who wants to try for a city team, is urged to be out at the fair grounds tonight and tomorrow night at 6:30. Every man will be given an opportunity to show all his wares, says Murphy.
Bick, Menzel, Kohnske and several others attended the baseball meeting held in the Gazette office last evening and made plans for reorganizing the team. This week's practice dates were agreed upon, and each man was asked to line up two or three more players for practice.
Murphy feels that there are a number of good ball players in and around the city who have not come to the front as yet.
"Come out! Come out!" is Murphy's plea. "Every man will be given a chance."

Jess, Branded Slacker, Denies It, Will Fight

Los Angeles, Cal., May 8.—Jess Willard, world heavyweight champion, declares he will fight to the finish to prevent the military order of foreign wars, with headquarters in Philadelphia, and other war veterans organizations, from blocking his forthcoming bout with Jack Dempsey by branding him as a slacker. Al Weddell, it is reported, is sending broadcast a communication denouncing Willard as a slacker.
Willard's friends declare Willard will be able to prove himself not a slacker. He has a family, and is 35 years of age. His age excluded him from the first draft, and his name was not down under the provisions of later drafts.
It is charged Willard refused to box for war charities and otherwise aid the government. This Willard denies, but California veterans have banded together to prevent the Willard-Dempsey bout set for July 4.

COLTS TRIM BELOIT FIVE BY THIN MARGIN

Clayton's Colts journeyed to Beloit last evening for the express purpose of annexing the scalp of Wright's Tigers. They did it. They hit the pins for a total of 2,229 which was enough to give them a 51-pin victory.
The Tigers grabbed the first game but were beaten in the next two. It was anybody's game up to the final frame. Bakke and Zik each hit 200, dividing high honors.
Now that the Colts have had a taste of Beloit blood they are anxious to get some more. They will stack up against the Beloit Fairies No. 1 team at the East Side alleys here Friday night. Tonight they will meet Briggs' Pick of this city.
The scores of last night's game at Beloit:
CLAYTON'S COLTS: Bakke 174, 150, 200; Brown 158, 136, 179; Hjorth 152, 142, 164; Moore 158, 187, 162; Clauson 178, 178, 196.
WRIGHT'S TIGERS: Everson 154, 145, 177; Lee 159, 138, 184; Zik 159, 163, 200; Hawkins 154, 178, 175; Wright 181, 146, 176.

CANADIAN BALL CLUB PASSES THROUGH CITY

Members of the Winnipeg (Can.) baseball club who have been in spring training at Whitewater for the past month, passed through Janesville, Tuesday evening on their way to Canada. They left at 8:10 for the north.
They were somewhat discouraged at the way their training trip turned out. They struck only four good, sunny practice days in the four weeks they were at Whitewater.

Dinner Stories

There is a little Chinese boy who attends night school regularly and is decidedly bright. The other night, how-

ever, in a test, he met his Waterloo. The question was:

"Where are glacial moraines found?" and Sing Lee answered in his very best style.

"Moraines are found along the United States. Some are in the air, some are in the ocean and some are in France. All are found everywhere except in San Francisco. Ask Kaiser—him say she does!"

By way of providing a little exercise for its hundreds of girl employees, officers of the ordnance corps in Washington arranged last summer a series of military drills for the fair young war workers. It was a great success until a girl, who hadn't left her dignity behind when she said to a group of her mates that she hadn't given all to the government when it needed her, just to be insulted.

"I'm a lady," she said, "and I don't propose to stand in line out there and have anybody even if he is an officer and has a gold bar on his shoulder—call me fresh names. I'm surprised that you girls stand it."

"Why, what's the matter, Ethel?" one of her surprised friends demanded. "I was with you all afternoon, and I didn't see a thing out of the way. Everything was perfectly lovely."

"Lovely!" Ethel cried. "Lovely! Didn't you hear that lieutenant stand there and yell 'Squads right,' and 'Squads left,' every few minutes? No body can call me a squab and get away with it!"
